ISSUE DATE: 15th October 2025

Bidders are notified that the above-mentioned ITT No. BEC 006/25-26 has been amended as follows:

Financial Capacity Requirement – Stage 2 (Technical Evaluation)

Reference is made to **Page 8 – Stage 2: Technical Evaluation, Section 2.0 – Financial Capacity**, which initially required bidders to **submit current three (3) months' bank statements** to demonstrate their financial position and capability.

This requirement has been **amended and clarified** as follows:

In accordance with **Regulation 43, Sub-Regulation (5), Sub-Section (d)**, which provides for the assessment of "*the financial position of a pre-qualification applicant*", bidders are required to demonstrate their **financial standing and capability** to perform the contract.

Accordingly, bidders **are no longer strictly required** to submit bank statements. Instead, they may provide **any suitable evidence** demonstrating financial capability, which may include but is not limited to:

- Proof of **credit facilities** or arrangements with financial institutions or suppliers.
- Letters of support or credit from banks or financial partners; or
- Other credible documentation showing the bidder's **financial ability** to undertake and complete the contract.

Submission of bank statements remains **optional**, and bidders may include them voluntarily if they wish to further support their financial capacity.

All other terms and conditions of the tender remain unchanged.
