Syllabus Amendment October 2015

SETSWANA (0562/02)	Amendment of the Requirements for Paper 2: Section B
<p>Setswana BGCSE Paper 2: Section B has been updated in the assessment syllabus to include information relating to the short answer questions that appear on the question paper yet it is not included in the syllabus. The part was omitted during the finalization of the syllabus even though it was part of the original plan when the document was developed.</p> <p>Therefore, the Scheme of Assessment for Setswana Paper 2: Section B should read:</p> <p>“a prose passage of approximately 400-500 words will be set. Candidates will be required to answer short answer questions derived from the passage and then summarize the whole passage in not more than 100- 150 words of continuous prose.”</p>
